DIRECTIONS FOR USE:

Take three capsules twice a day with water at meal time or as recommended by your health care practitioner. If pregnant or nursing consult a health care practitioner prior to use.

Most effective when taken without caffeine or carbonated drinks. Grobust may be used for three to six months or longer depending on the effect you desire. Maintain your look by using Grobust for a two to three week period every three to four months. Temporary soreness in the breast, similar to original breast development or lactation may result.
