

24 Billion FLORA SMART™

FloraSMART 24 Billion is an advanced critical care probiotic with 24 billion active cultures per caplet and 10 strains of health-promoting microflora, including Bifidobacteria, Lactobacilli and Lactococcus cultures to promote a balanced intestinal environment and enhance overall digestive and immune health.*

During in-vitro testing in simulated stomach acid for two hours at 1.0 pH, FloraSMART delivered up to 97% of the beneficial bacteria as claimed on the label.

24 Billion FLORA SMART™

What Makes FloraSMART Unique?

☒ **BIO-tract® Patented Delivery Technology:**

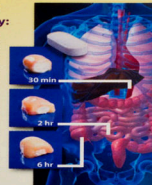

BIO-tract is an advanced delivery system proven to transport more beneficial probiotics directly to the intestines where they are most effective.

In the stomach, a protective natural gel forms around each caplet to protect it from harsh gastric acid.

This helps deliver more active probiotics to the intestines over an optimal time frame.

☒ **Room Temperature Stable:**

FloraSMART probiotics are shelf stable and do not require refrigeration, which makes them ideal for travelers and for taking on the go.

BIO-tract® is a patented technology and registered trademark of Nutraceutix, Inc.
