

NORWEGIAN GOLD®

THE ADVANCED FISH OILS

Health Benefits of Krill Omega*

Antarctic krill are among the ocean's most abundant species. They contain high amounts of the powerful antioxidant astaxanthin, which helps neutralize harmful free radicals.* The Omega-3 fatty acids found in krill oil are in the phospholipid form, which means they are more easily absorbed for use throughout the body, including the brain.*

The Perfect Blend

The fusion of super-concentrated fish oil with natural krill oil combines the best features of these two quality sources of heart-healthy Omega-3 in one small, easy-to-swallow softgel.* High-potency fish oil with highly absorbable krill oil plus added vitamin D combine to help support overall health with no fishy aftertaste.*

2x More Omega-3 per Softgel than leading krill brands

Super-Concentrated Omega-3

Most krill oil supplements contain a very low amount of beneficial Omega-3. Krill Omega provides 2x more Omega-3 per softgel than the leading krill oil brands.

Norwegian Gold Advanced Omega-3 Fish and Krill Oils from ReNew Life surpass world standards to bring you the ultimate in potency, freshness and purity. They are backed by rigorous quality systems and testing so all you receive are the superior natural benefits of some of the purest oils on earth. *That's our promise to you.*

NORWEGIAN GOLD®

THE ADVANCED FISH OILS

What Makes Norwegian Gold Omega Fish and Krill Oils So Advanced?

Each Norwegian Gold softgel provides all the benefits of expertly formulated, highly absorbable Omega-3 fish and krill oils and so much more.

- ✓ Highest potency of Omega-3s per softgel
- ✓ One softgel per day
- ✓ Certified highest 5-star purity rating
- ✓ Sourced from Antarctic krill and abundant non-endangered fish
- ✓ Fresh-Assure glass bottle to protect softgels from damaging light and moisture
- ✓ Fish gelatin softgels

When Purity Matters Most

This product has received the highest 5-star rating from the International Fish Oil Standards (IFOS) program, the world leader in Omega-3 testing. This certifies that each batch exceeds all U.S. and international pharmaceutical standards for **freshness, purity and potency.**

Visit the IFOS website at www.ifosprogram.com to monitor the test results of this and every batch of Norwegian Gold Advanced Fish Oils.

*Supportive but not conclusive research shows that consumption of EPA & DHA Omega-3 fatty acids may reduce the risk of coronary heart disease.
