Zero Lactose Whey Proteins!

When supplement companies make a weight gainer, it's an opportunity to use the cheapest proteins (like soy protein or non-filtered whey concentrates) because they think they can hide them in a high calorie drink. **MYOGENIX®** never cuts corners. **AFTERSHOCK CRITICAL MASS™** finally, a lean mass gainer with zero lactose, zero bloating, zero gas, and of course **ZERO COMPETITION!†**

Add Quality Muscle, Not a Sloppy Gut.†

Adding quality muscle requires a lot of calories, but they must be from quality nutrients. A 10 lb bag of weight gainer providing mostly cheap carbs won't do anything for your physique but trigger a huge insulin response and make you fat and tired. **AFTERSHOCK CRITICAL MASS™** provides easy digesting, zero lactose whey protein; lean muscle building MassFat™ and WaxyMASS™ waxy maize carbs, plus an optimal ratio of protein to carbs.† Add quality muscle to your physique with quality nutrients from **AFTERSHOCK CRITICAL MASS!™†**

MassFat™ and WaxyMass™

AFTERSHOCK CRITICAL MASS™ features two unique mass building ingredients you won't find anywhere else, **MassFat™** & **WaxyMass™**.† **MassFat™** is a combination of healthy fats, designed to put your body in anabolic mode, and pack on lean muscle.† **WaxyMass™** is a specialized high molecular weight, fast digesting carbohydrate engineered to drive nutrients where you need them the most - your muscles.†
