

THE MOST POWERFUL & HARDCORE TESTOSTERONE-BOOSTING FORMULA[▲]

TEST 3X[™] SX-7[™] is the most advanced testosterone-enhancing pill on the market today, with a powerful 3-in-1 formula. Many testosterone-boosting pills aren't backed by a single human clinical trial. But TEST 3X[™] SX-7[™] features three powerful ingredients backed by separate human clinical trials that are actually shown to boost testosterone, decrease estradiol or reduce cortisol.[▲]

How Does It Work?

TEST 3X[™] SX-7[™] has a multi-platform formula that delivers 3 distinct benefits. First, it increases free testosterone levels. Then, it works to optimize the testosterone-to-estradiol ratio by decreasing estradiol. Lastly, it reduces serum cortisol, making it a truly complete and powerful testosterone-boosting formula.[▲]

Test Subjects Increased Testosterone by Over 40%

TEST 3X[™] SX-7[™] features a clinical dose of D-aspartic acid, shown to increase testosterone by over 40% and increase luteinizing hormone by over 30% while staying within the normal healthy range.[▲]

Boost Free Testosterone in Just 7 Days

TEST 3X[™] SX-7[™] is also formulated with a powerful and concentrated dose of boron that is shown in human clinical research to increase free testosterone and decrease estradiol in as little as 7 days. Free testosterone is the most active form of testosterone and is critical to initiating the strength-building process.[▲]

Decreases Cortisol by 14.5%

What makes TEST 3X[™] SX-7[™] truly unbeatable is the use of the advanced ingredient Withania somnifera, which is shown to reduce cortisol by an astonishing 14.5%. TEST 3X[™] SX-7[™] also delivers yacon root and olive leaf. Experience its shocking power and potency for yourself. Try it today![▲]
