Organic Throat Coat®

Organic Throat Coat® is a complex and aromatic blend of herbal tastes—sweet, aromatic, earthy and viscous.

You Deserve Only The Best

We use pharmacopoeial grade herbs in this tea. That means that these herbs meet the highest standards set for quality, purity, strength, identity and composition. While it is accepted to use food grade herbs in herbal tea products, we choose instead to use the higher pharmacopoeial grade for its enhanced quality.

What is a Pharmacopoeia?

Many countries in the world, including the United States, have a Pharmacopoeia. A country's pharmacopoeia is an official guide of quality standards for ingredients used in dietary supplements, as well as over-the-counter and prescription medications.
