

Support Your Health with Echinacea Immune Support

Health practitioners for centuries have respected the powers of Echinacea. Traditionally used for centuries, our exclusive combination combines three varieties of Echinacea root, an herb that is believed by herbalists to support the immune system. We complement this blend with Elder Berry Extract and soothing Organic Mullein Leaf, herbs traditionally used to help support respiratory function. Hints of spice combine with lively Peppermint, Lemongrass, Rose Hip and sweet Licorice for an intriguingly delicious blend. This blend is sure to become an all-season favorite as well as when your immune system needs support.*

Yogi Principles

- ~ Tasting great is essential, but it isn't enough. If what we make doesn't taste great and leave you feeling great, we won't make it.
- ~ We think before we blend. How will our recipes work with body and mind?
- ~ Health is found in nature. We work with what nature already offers rather than trying to concoct it. We don't have laboratories. We have kitchens.
- ~ Creative combinations can optimize what nature has to offer. Ever added peppermint to ginger? They work together to produce a remarkably fresh and innovative taste... and a remarkably invigorating experience.
- ~ Whenever possible, we work with wholes, not parts. We blend with whole spices and botanicals for their natural goodness - we don't supplement with vitamins and minerals.

Love our tea as much as we do or we'll gladly refund your money.

Yoga to Support Vitality

Sit cross-legged or in a chair with spine straight. Stick your tongue all the way out and keep it out as you rapidly breathe through your mouth. Continue this breathing for 1 to 3 minutes. Not only will your body feel strong, but your spirit will be lifted to the sky.

Before doing this exercise or participating in any exercise program, consult your physician.
