Super Booster Softgels with Advanced K2 Complex

60 softgels

Item Catalog Number: 01680

Despite incredible scientific validation, many people still do not take vital life-sustaining nutrients because they don't want to swallow so many pills. This problem has been solved with a one-per-day softgel that includes more health-promoting nutrients than any other supplement. The **Life Extension Super Booster** contains optimal amounts of critical oil-based nutrients and is designed to complement the **Life Extension Mix™**.

The Super Booster provides high doses of the most effective form of **vitamin K** known as **menaquinone-7**. Just one Super Booster softgel provides:

- **Gamma Tocopherol** – If one consumes only alpha tocopherol, the critically important gamma tocopherol is displaced from cells within the body.¹¹⁵ While alpha tocopherol vitamin E suppresses *lipid peroxidation*, the gamma tocopherol form quenches the *peroxynitrite* free radical. It is especially important for those who take vitamin E supplements to make sure they consume at least 200 mg of gamma tocopherol daily.
- **Sesame Lignans** – Sesame lignans augment the antioxidant effects of both alpha and gamma tocopherol. In a human study, gamma tocopherol plus sesame lignans were 25% more effective in suppressing measurements of free-radical damage than gamma tocopherol and tocotrienols.¹¹⁶⁻¹¹⁸
- **Vitamin K – Vitamin K1** from dietary plant sources is poorly absorbed and only a small fraction gets into the bloodstream. **Vitamin K2** is absorbed much more efficiently. Scientific studies show K2 provides superior benefits for the bones, arteries, and other tissues. The **MK-4** form of vitamin K2 is the most rapidly absorbed and is now routinely used in Japan to maintain healthy bone density. **MK-4**, however, only remains active in the blood for a few hours. The **MK-7** form of K2, on the other hand, remains bioavailable to the human body over a sustained **24-hour period**. Super Booster now provides a potent dose of **MK-7** to keep calcium in the bone and out of the arteries, along with MK-4 and vitamin K1.
- **Lycopene** – Evidence suggests that people who ingest the carotenoid lycopene enjoy healthier prostate function.^{119,120} Lycopene also helps guard against LDL oxidation.^{84,121}
- **Lutein** – The carotenoid lutein helps maintain healthy cell division, supports the macula of the eye, and protects the endothelial lining of the arteries.¹²²⁻¹²⁷
- **Ginkgo** – Hundreds of studies indicate the multifaceted effects of *Ginkgo biloba* in promoting healthy circulatory and neurological function.^{128,129}
- **Chlorophyllin** – Scientific studies indicate that chlorophyllin may be the most potent nutrient to protect against environmentally induced damage to DNA.¹³⁰⁻¹³²

The Super Booster saves consumers **huge dollars** by combining a wide variety of costly nutrients into one daily softgel. If you add up the price of the individual ingredients contained in the Super Booster, you would spend **two-to-three times more** for this potency if taken separately.

Supplement Facts

Serving Size 1 softgel

Servings Per Container 60

Amount Per Serving

Vitamin C (as ascorbic acid)	95 mg
Vitamin E (as D-alpha tocopherol)	45 IU
Vitamin K activity	2200 mcg
From:	
Vitamin K1 (as phytonadione)	1000 mcg
Vitamin K2 (as menaquinone-4)	1000 mcg
Vitamin K2 (as menaquinone-7)	200 mcg
Vitamin B12 (as cyanocobalamin)	300 mcg

Chlorophyllin (from sodium magnesium chlorophyllin)	100 mg
---	--------

Gamma E Mixed Tocopherols	359 mg
---------------------------	--------

Typical distribution:

Gamma tocopherol	197.45 - 269.25 mg
Delta tocopherol	71.8 - 107.7 mg
Alpha tocopherol	30.52 - 43.08 mg
Beta tocopherol	< 17.95 mg

Ginkgo biloba extract (leaf) [standardized for 24% ginkgo flavone glycosides (28.8 mg), 6% total terpene lactones (7.2 mg), and <1ppm ginkgolic acid]	120 mg
---	--------

Lutein [from marigold (<i>Tagetes erecta</i>) extract (flower)]	2 mg
---	------

Lycopene proprietary blend [from Micronized Lycopene and Tomat-O-Red® natural tomato extract (fruit)]	10 mg
---	-------

Sesame seed (<i>Sesamum Indicum</i>) lignan extract	20 mg
---	-------

Other ingredients: gelatin, flax seed oil, glycerin, corn oil, purified water, olive oil, beeswax, sunflower lecithin, silica, annatto color, soybean oil, dl-alpha tocopherol.

Contains soybeans.

Tomat-O-Red® is a registered trademark of LycoRed, LTD.

Dosage and Use

- Take one softgel daily with food, or as recommended by a healthcare practitioner.

Caution

If you are taking anti-coagulant or anti-platelet medications, or have a bleeding disorder, consult your healthcare provider before taking this product.
