CAUTION: Consumption May Cause a Distinct
Internal Chilling Sensation!

Hardcore Post-Workout Musclebuilding Amplifier™

The ANABOLIC HALO™ Hardcore Pro Series formula is an all-in-one post-workout musclebuilding solution developed with seven proprietary blends and is powered by three scientifically advanced key ingredients, including ingredients documented in groundbreaking university studies. Check out how these core ingredients deliver eight important elements that make ANABOLIC HALO™ Hardcore Pro Series a truly advanced post-workout anabolic formula.*

1. AMPLIFIES TESTOSTERONE RECEPTORS: The first element in ANABOLIC HALO™ Hardcore Pro Series increases the number of testosterone receptors for greater potential of free-testosterone utilization at the muscle fiber level. Note: Free testosterone is the only usable form of testosterone for pure, unadulterated growth.* After 21 days of a third-party study involving 10 resistance-trained subjects, one of the powerful ingredients in ANABOLIC HALO™ Hardcore Pro Series increased the number of testosterone (androgen) receptors significantly more than when subjects used a placebo. The researchers in the study theorized that this led to greater free-testosterone utilization.* This study was published in the journal *Medicine & Science in Sports & Exercise*.

2. INSULIN MANIPULATION: The second element directly manipulates insulin, allowing vital nutrients to be shuttled into cells. This creates an anabolic environment conducive to muscle growth.*

3. INCREASES MUSCLE FIBER AREA: The third element of ANABOLIC HALO™ Hardcore Pro Series works to increase muscle fiber area through rapid hypertrophy.* A third-party study published in the journal *Medicine & Science in Sports & Exercise* involving 22 untrained subjects divided into three study groups showed that subjects using a key ingredient in ANABOLIC HALO™ Hardcore Pro Series gained significantly more muscle than subjects using a placebo after 12 weeks.*

4. INCREASE MUSCLEBUILDING STRENGTH: The fourth element uses a key ingredient in ANABOLIC HALO™ Hardcore Pro Series to deliver musclebuilding strength gains.* In the same study mentioned directly above, subjects significantly increased their strength compared to subjects using a placebo.*

5. ACTIVATES HUMAN MYOGENIC REGULATORY FACTORS: The fifth element directly manipulates key myogenic regulatory factors to create a powerful anabolic response.* In a second study that utilized muscle biopsies from the same study outlined in elements three and four, subjects using a key ingredient in ANABOLIC HALO™ Hardcore Pro Series increased myocellular levels of anabolic growth precursors of myogenin by 61% and MRF-4 by 65% in 12 weeks.*

6. MYOCELLULAR EXPANSION: The sixth element floods your muscle cells with cell-volumizing agents for increased myocellular expansion. Researchers theorize that myocellular volumization is an important factor for rapid muscle tissue growth.*

7. MUSCLE CELL RECOVERY: The seventh element of ANABOLIC HALO™ Hardcore Pro Series delivers a muscle cell recovery agent that allows you to significantly improve recovery time between sets.*

8. MICRO-DIFFUSE™ TECHNOLOGY: *With the eighth element, Team MuscleTech® researchers employed ANABOLIC HALO™ Hardcore Pro Series with Micro-Diffuse Technology. This is designed to enhance the dispersion properties of a key musclebuilding agent.

*The MuscleTech® brand of supplements is America's #1 selling sports supplement brand.

Supplement Facts

Serving Size 1 Scoop (23 g)
Servings Per Container 40

Amount Per Serving	% Daily Value	Amount Per Serving	% Daily Value	Amount Per Serving	% Daily Value
Calories 80		Phytosterol complex	†	L-serine	†
Total Carbohydrates 17 g	6%*	Supplying 90% phytosterols (40% beta-sitosterol, 20% campesterol, 14% stigmasterol)		MyoVIT XT	†
Sugars 4 g	†	Bark of <i>Phycopetalum obovatum</i> (muira puama)	†	Taurine	†
Thiamin (as thiamin mononitrate) 0.5 mg	33%	L-carnitine tartrate	†	L-glutamine	†
Riboflavin 0.56 mg	33%	Dicalcium phosphate dihydrate	†	L-tyrosine	†
Vitamin B ₆ (as pyridoxine hydrochloride) 0.68 mg	34%	Disodium phosphate dihydrate	†	L-histidine	†
Vitamin B ₁₂ (as cyanocobalamin) 20 mcg	333%	Dipotassium phosphate anhydrous	†	L-proline	†
Calcium (as dicalcium phosphate dihydrate, calcium silicate) 40 mg	4%	Malic acid	†	EAA-Pro	†
Iron 0.2 mg	2%	L-carnosine	†	L-lysine HCl	†
Sodium 125 mg	5%	Gamma-oryzanol	†	L-threonine	†
Anabolic Halo™ Hardcore Pro Series	†	AMINO+	†	L-phenylalanine	†
Proprietary Blend (featuring		BCAA-FX	†	L-methionine	†
Micro-Diffuse™ Technology) 3.922 mg		L-leucine	†	InsoleKIC	†
CreaSAT	†	L-valine	†	L-arginine	†
Creatine monohydrate	†	L-isoleucine	†	Alpha-ketoglutarate	†
Inosine anhydrous	†	Amino Amp	†	Fruit of <i>Malpighia glabra</i> concentrate (Acerola)	†
L-ornithine HCl	†	L-aspartic acid	†	Choline bitartrate	†
ARCTIC-21	†	L-alanine	†	Inositol	†
L-carnitine fumarate	†	L-glutamic acid	†	L-arginine pyroglutamate	†
		Glycine	†	L-ornithine alpha-ketoglutarate	†
				Alpha lipoic acid	†

OTHER INGREDIENTS: MALTODEXTRIN, DEXTROSE, NATURAL AND ARTIFICIAL FLAVORS, SODIUM CITRATE, CITRIC ACID ANHYDROUS, CALCIUM SILICATE, ANTI-FOAM, ACESULFAME-POTASSIUM, BLUE COLOR FLECKS (GUM ARABIC, FD&C BLUE NO. 1), SUCRALOSE, FD&C RED NO. 40, FD&C RED NO. 2 LAKE. CONTAINS MILK, SOY AND PEANUT INGREDIENTS.

DIRECTIONS: ANABOLIC HALO™ Hardcore Pro Series is an extremely powerful product. After your first workout, consume 1 serving (1 level scoop) mixed in 8 oz. of cold water. Then, increase to 2 servings (2 scoops) mixed in 12 oz. of cold water and consume after your daily workouts. Do not exceed 3 servings in a 24-hour period. Drink 10 glasses of water daily for general good health. Read the entire label before use and follow directions provided.

WARNING: Not intended for use by persons under 18. Do not use if pregnant or nursing. Do not use if you have had a myocardial infarction (heart attack). Discontinue use and consult a medical doctor if you experience unusual symptoms. If you experience a skin rash or other allergic reactions, discontinue use and consult a medical doctor. Inhalation may amplify the inflammatory response in people with asthma. Consult a medical doctor before use if you have been treated for, or diagnosed with or have a family history of, any medical condition, or if you are using any prescription or over-the-counter drugs, including blood thinners. Consult a medical doctor before starting any diet or exercise program. Do not exceed recommended serving. Improper use of this product will not improve results and is not advised. Use only as directed. Do not refrigerate. Do not use if packaging has been tampered with. Store in a cool, dry place (60°F to 80°F). KEEP OUT OF REACH OF CHILDREN.
