PRODUCT BENEFITS: Vinpocetine is a chemically distinct compound that plays a role in supporting cerebral circulation and cognitive function.* By supporting the vasculature, Vinpocetine works to promote increased oxygen to the brain.* Extensively researched in Europe, Vinpocetine has become increasingly popular with the public for mild memory problems associated with aging.*

Directions: For adults, take one (1) softgel three times daily, preferably with meals or follow the advice of your health care professional. As a reminder, discuss the supplements and medications you take with your health care providers.
