

Directions: Take two capsules during any meal suspected of containing gluten. For maintenance, take two capsules daily or as directed by your healthcare practitioner.

Gluten Protect is a gluten pulverizing formula uniquely designed with powerful enzymes, prebiotics and probiotics to break down gluten proteins by targeting both internal and external peptide bonds.* Gluten Protect goes beyond the traditional DPPIV enzyme, offering superior degradation of gluten proteins by breaking down unhydrolyzed gluten peptides.* Additionally, the highly specialized prebiotic, PreForPro™ is unique in supporting the proliferation of beneficial bacteria in both the small *and* large intestines.* This plays a critical role in breaking down gluten and other proteins to promote a healthy intestinal tract.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Storage: Keep refrigerated.

This Formula Meets or Exceeds cGMP Quality Standards.

 **Suitable for Vegetarians**  **Gluten Free**
