

Agaricus (*Agaricus blazei* Murill) was recently uncovered in the Piedade mountain region in Brazil where it is known as "Cogmelo de Deus", the mushroom of god. Intrigued by reports that locals who ate the mushroom were healthier, researchers discovered a promising array of immune and cardiovascular benefits.\*

Super Royal Agaricus is a hot water concentrated extract of the fruiting body enhanced with whole mushroom and immune supportive Maitake D-Fraction®.\* Our Agaricus mushrooms are grown on a proprietary biomass without synthetic pesticides or fertilizers.
