

With All Six Key Flavonoids

FlavoMax supplies all six of the most important classes of flavonoids—powerful, water-soluble plant nutrients that deliver potent antioxidant protection to the blood and blood-rich tissues, especially the liver and intestines. Flavonoids defend the body against the destructive actions of free radicals, promoting overall cell health and providing support for protection against cellular damage.*

For the best, most complete antioxidant protection, take FlavoMax and CarotoMax®.*

Gluten free. No artificial flavors, sweeteners, colors, or preservatives added.

Bottle has printed seal under cap for your protection.
