

Suggested Usage: Take 1 capsule 1 to 4 times daily between meals or on an empty stomach.

KEEP REFRIGERATED TO MAINTAIN POTENCY.

Lactobacillus acidophilus, one of the most prominent types of resident bacteria in the intestinal tract, has been used as a probiotic for decades.* It is well established that the gut is one of the most important components of the immune system and that the development and function of normal immune system function is influenced by the composition of the intestinal microflora.* It has been shown that regular intake of probiotics can aid in maintaining a healthy intestinal flora.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: Consult physician if pregnant/nursing, taking medication (especially immune-suppressing drugs), or have a medical condition (especially if immune system is compromised). Keep out of reach of children.
