Mix 1 scoop (20g) with 8 fl-oz of water. MONSTER INITIATE™
Supplement Mix can be used before and during workouts.

This product complements a smart eating and hydration plan
that, in conjunction with a balanced exercise program, may
contribute to weight management and recovery from exercise.†

Rate limiting factor for carnosine production which can
act as a buffer to reduce acidity in muscle during high
intensity exercise.†

NSF screens supplements for more than 200 substances banned by
most major athletic organizations. The main components of NSF's
certification program are label claim review, a toxicology review to
certify the formulation and contaminant review to ensure
against contaminants. nsfsport.com

Patented ingredient that combines caffeine with pTeroPure®
pterostilbene in a unique co-crystal structure that is
designed to deliver caffeine to the bloodstream more
efficiently than caffeine by itself.†
