

USAGE: Take 1 capsule per day with a meal or as directed by your qualified healthcare professional.

WARNING: This product contains vitamin B₃ (niacin), which may cause a "niacin flush," especially when taken on an empty stomach. Symptoms are transient – typically lasting for approximately one-half hour – and may include burning, tingling, and itching sensations along with reddening of the skin. In some cases, dizziness and/or shortness of breath may occur. If a severe reaction occurs, drink plenty of water and discontinue use.

NOTE: If you have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications, consult your healthcare professional before using this product.

B-Right® is a carefully-balanced, low-odor vitamin B-Complex formula.

Methyl folate ((6S)-5-methyltetrahydrofolic acid or (6S)-5-MTHF) is the most biologically active form of folic acid (folate). QUATREFOLIC® is the 4th generation development in folate delivery.

Methylcobalamin is better absorbed, retained and utilized than other forms of B₁₂. Methylcobalamin and niacinamide support brain and nerve tissue.*

Pantethine is a derivative of vitamin B₅ and is a precursor to Coenzyme A (CoA), which is involved in oxidative metabolism.*

Pyridoxal 5-Phosphate (P-5-P) is the coenzyme form of vitamin B₆ and is necessary for the metabolism of proteins and amino acids.*

Keep out of the reach of children.
