

Discover the *force* of the Whole™

Oregano helps reduce oxidative stress, is a free-radical scavenger and supports a healthy immune system.* The full spectrum of beneficial compounds found in Oregano Force™ is delivered using a supercritically extracted, whole-food approach to herbal supplementation. Used by Ancient Greeks, the Oregano leaf was lauded for its ability to support normal **respiratory and digestive function**.* Our full-spectrum process preserves precious plant compounds, delivered in a 100% vegetarian formulation from extract to capsule.

Full-Spectrum Extraction: Our Difference

Many companies isolate elements from an herb, concentrate them, and label it "whole herb." New Chapter® delivers the wisdom of *whole food*. Using only natural supercritical CO₂ or traditional techniques of extraction, our Force extracts guarantee the fullest spectrum of beneficial phytonutrients in their natural profile.
