Allergy ReLeaf® System

Allergy ReLeaf® System is an innovative solution developed by Medical Herbalist Daniel Gagnon. These synergistic herbal and nutritional formulas halt hypersensitivity reactions and stop histamine release.*

Suggested Use:

Acute: Take one Allertonic® softgel and one Quercetin *AllerReLeaf*® tablet with water every two to three hours until comfort is achieved or as directed by your health care professional. Noticeable comfort is attained within the first or second day. Then switch to **Ongoing** use.

Ongoing: Once comfort is attained, take one Allertonic® softgel and one Quercetin *AllerReLeaf*® tablet with water three times a day.

Proactive: Two months prior to seasonal challenges, take one Allertonic® softgel and one Quercetin *AllerReLeaf*® tablet with water twice a day.

Best results are achieved when these two supplements are taken together.

Allertonic®
