

USAGE: Take 1 to 2 softgels with each meal or as directed by your qualified healthcare professional. For pregnancy or lactation, take 1 to 2 softgels per day; for children, give 1 softgel per day.

NOTE: If you have a medical condition (especially seafood allergies or coagulopathy), are taking medications (especially anticoagulants), or facing surgery, consult your healthcare professional before using this product.

Max DHA® contains omega-3 fatty acids from fish oil highly purified and concentrated by **molecular distillation**.

DHA is the predominant fatty acid in the brain, nervous system and retina of humans.* DHA is important for fetal and infantile neurological development.* DHA also supports neurological function in seniors.*

**Keep away from light and heat.
Keep out of the reach of children.**
