

why creafusion?

Creatine is one of the most popular supplements today and that's not going to change any time soon. There is a great amount of research to support its performance-enhancing effects for a wide range of sports; from sports that demand intensive strength and endurance training like bodybuilding, weight lifting, Crossfit, cycling, and MMA to sports that require speed, such as sprinting, soccer, rowing, and swimming. **HIT CREAMFUSION** is a cutting-edge, superior blend of 4 top-tier and highly-researched creatine powders: CreaPure® (Creatine Monohydrate), COPMAX™ (Creatinol-D-Phosphate), Creatine Monohydrate Di-Creatine Malate, and Creatine MagnaPower® (Magnesium Creatine Chelate). By combining these varieties you get the benefits of all of them in one product to help you take it to the next level, no matter what you train for.

- Increase in muscle mass and enhanced strength*
- Greater training capacity*
- Reduced lactic acid*
- Quicker muscle weight gain*
- Antioxidant benefits*
- More energy during workouts due to ATP regeneration*
