

why peak perform?

PEAK PERFORM is an elite pre-workout for the serious athlete. Peak Perform features 3 of the most studied ingredients in the sports nutrition industry at clinically backed dosages: Peak ATP®, BetaPower™, and CarnoSyn®. By combining these three, highly effective, scientifically backed ingredients, we have created one of the most effective pre-workouts on the market! This premium combination makes **PEAK PERFORM** the most beneficial supplement you can add to your pre workout regimen as Peak ATP® is clinically shown to give you more lean muscle mass, greater muscle excitability, improved endurance, increased blood flow and decreased recovery time. When you put the work into training your body, you want to be able to push harder, train longer, and consistently perform better. With **PEAK PERFORM** you will truly be able to achieve your peak performance!*

- Boost contractile force and muscular endurance while training*
- Increase total strength by over 140%*
- Increase lean body mass by 100%*
- Increase power output by up to 30%*
- Improved stamina and increased fat oxidation*
