

PURE Probiotic Max

30 Billion CFU Probiotic

SHAPE *by* HIT NUTRITION

DIETARY SUPPLEMENT

30 Acid-Resistant
Vegetarian Capsules

PROFESSIONAL USE ONLY

DIRECTIONS: Take one capsule with water daily, or as directed by your healthcare practitioner.

Consult your healthcare practitioner prior to use. Individuals taking medication should discuss potential interactions with their healthcare practitioner.

Pure Probiotic Max is a vegetarian, dairy- and gluten-free, four-strain probiotic totaling 30 billion CFU[†] per capsule. Each vegetarian capsule is sealed in nitrogen-purged aluminum blister packs to serve as protection from factors proven to compromise stability of probiotics such as heat, moisture, and oxygen. Pure Probiotic Max provides four researched strains of beneficial bacteria, including the extensively studied HN019 strain of *Bifidobacterium lactis*. These live microorganisms have proven health benefits and well-established safety, and have been tested for epithelial cell adhesion and/or resistance to low pH.*

To further support resistance to low pH and the delivery of microorganisms to the small intestines, Hit Nutrition employs DRcaps™ gastro-resistant capsules. These specially designed, innovative capsules help slow exposure of actives to stomach acid and ensure more targeted release.*
