

AMINO RUSH™ RTD 10,000mg BCAA

- **STAMINA, STRENGTH AND RECOVERY ARE ENHANCED!***
- **INCREASED MUSCLE PROTEIN SYNTHESIS!***
- **MUSCLE SPARING EFFECT!***

RECOMMENDED USE: AMINO RUSH™ can be consumed pre or post workout and/or during training and can be stacked with your favorite pre and post workout supplement. AMINO RUSH™ can also be combined with PROTEIN RUSH® or SRO™ ZERO CARB® protein to create a meal replacement shake. Always drink 12 to 16 ounces of additional water with each AMINO RUSH™ drink.

AMINO RUSH™ is the latest innovation from VPX® that features solubilized BCAAs, which are shown to have superior bioavailability versus other types of BCAAs.¹ This solubilization technology gives stability to BCAAs in a liquid solution, with NO foam and NO wasted powder at the bottom of your container!¹

BCAAs, which constitute links in a protein chain, are essential for a variety of functions, including increased muscle protein synthesis, decreased muscle soreness, and have a muscle-sparing effect on muscle tissue.¹ They are essential for performance, endurance, and recovery.

AMINO RUSH™ is a very versatile product. Consume AMINO RUSH™ prior to a fasted workout, during a workout or athletic event, or post-workout with PROTEIN RUSH® or SRO™ ZERO CARB® for maximum recovery and muscle protein synthesis.¹

Patent Pending

L-Leucyl-L-Isoleucine: Methods of use of Dipeptides and Tripeptides of Branched Chain Amino Acid Derivatives

Patent Pending

2:2:1 Leucine, Isoleucine, Valine Ratio is a Patent Pending Proprietary Blend of BCAAs
