

Suggested usage: 1 softgel per day or as directed by a health professional. Keep out of the reach of children.

Easy-to-swallow softgels contain unbleached whole lecithin, the natural phospholipid fraction of the soybean. Lecithin's primary active components are phosphatidylcholine, phosphatidylethanolamine and phosphatidylinositol. Used by the vital organs, lecithin is found concentrated in the brain, liver and kidneys. Its emulsifying property helps the body break down dietary fat.* Use of soy-sourced lecithin is an excellent way to increase the dietary intake of polyunsaturated fat without increasing the intake of saturated fat and cholesterol.

Manufactured by Natural Factors to ensure safety and potency in accordance with Good Manufacturing Practices (GMP) of the FDA and Health Canada.

Contains no artificial colors, preservatives, or sweeteners; no dairy, starch, sugar, wheat, gluten, yeast, corn, egg, fish, shellfish, salt, tree nuts, or GMOs. Sealed for your protection. Do not use if seal is broken. For freshness, store in a cool, dry place.
