

USAGE: Take 1 softgel per day with a meal or as directed by your qualified healthcare professional.

NOTE: If you have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications, consult your healthcare professional before using this product.

Ubiquinol is the reduced (active antioxidant) state of Co-Q10, the form produced by our cells and is significantly better absorbed as a supplement, particularly as we age.

Jarrow Formulas® QH-absorb® is a proprietary enhanced-stability formula, which has been clinically shown in humans to increase Co-Q10 levels up to 777% over baseline at 300 mg per day intake.

Keep out of the reach of children.

Particle formation inside softgel is normal and dissolves after ingestion.
