

USAGE: Take 1 softgel once or twice per day with a meal or as directed by your qualified healthcare professional.

NOTE: If you have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications, consult your healthcare professional before using this product.

Jarrow Formulas® QH+PQQ™ is a powerful combination of QH (ubiquinol) with PQQ (pyrroloquinoline quinone), which is considered by some authorities to be an essential nutrient. QH is the reduced (active antioxidant) state of Co-Q10, the form produced by our cells. It is significantly better absorbed than ubiquinone. PQQ with QH promotes the creation of new mitochondria, a process known as mitochondrial biogenesis.* QH+PQQ™ supports both heart health and cognitive function.*

Kaneka QH® is a registered trademark of the Kaneka Corporation of Japan.

Keep out of the reach of children.
