

Suggested Usage: Take 2 tablespoons daily in juice or water.

SHAKE WELL BEFORE USING.
REFRIGERATE AFTER OPENING.

NOW® Raspberry Flavored Colloidal Minerals is a pleasant tasting blend comprised of highly absorbable, water-soluble minerals derived from prehistoric plant deposits in Utah. These colloidal minerals were created ages ago when they became incorporated into the living plants, fruits and vegetables of that era. These trace elements helped to form the luscious vegetation which contributed to the vibrant life that flourished on this planet. Each 1 ounce serving has trace amounts of naturally occurring essential minerals that can be difficult to obtain from the modern diet.

The following minerals occur naturally in fulvic acid:

Boron	Magnesium	Selenium
Calcium	Manganese	Silver
Chromium	Molybdenum	Sodium
Copper	Phosphorus	Sulfur
Iron	Potassium	Zinc

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.
