Stinging Nettle (*Urtica dioica* L.) leaves sting by injecting formic acid, histamine, and the neurotransmitters acetylcholine and 5-hydroxytryptamine into the skin. Cooking or extraction blocks the sting and releases the nutrients. Stinging Nettle also contains glucoquinones, chlorophyll, minerals (especially silica) and vitamins. This extract is standardized at 1% to 2% plant silica.

Suggested Usage: As a dietary supplement, adults take 1 capsule 3 times daily between meals, or as advised by your healthcare professional. If digestive irritation occurs, take with meals.

This product contains NO yeast, wheat gluten, soy protein, milk/dairy, corn, sodium, sugar, starch, artificial coloring, preservatives or flavoring.

Stop use and consult your healthcare professional if allergic reactions occur. Note: If pregnant or nursing consult your healthcare professional before using this product.

KEEP OUT OF REACH OF CHILDREN.

For optimal storage conditions, store in a cool, dry place.
