

Suggested usage: 1 Enteripure softgel 1–2 times per day or as directed by a health professional.

Cautions: As with any supplement, consult your health professional before use if you are pregnant, breastfeeding or trying to conceive, or if you are taking medication, have a medical condition or anticipate a surgery. Keep out of the reach of children.

Omega-3 fatty acids including EPA and DHA help maintain cardiovascular health, support cognitive health, brain function and healthy serum triglycerides/triacylglycerols already within the normal range and maintain good health.*

The Original Wild Alaskan Salmon Oil

For over 25 years we've been selling whole, natural salmon oil from wild salmon caught in the pristine waters of Alaska. Sustainably harvested, our wild salmon oil contains all the synergistically active fatty acids (omega-3 EPA/DHA as well as omegas 5, 6, 7, 8, and 9) in the naturally occurring ratio found in free-swimming salmon — just as nature intended.

The salmon are harvested according to strictly regulated conservation guidelines set by one of the world's leading ocean stewards: the Alaska Department of Fish and Game. Processed immediately after harvesting, the oil is extracted using a chemical-free proprietary method similar to that used for extracting extra virgin "cold pressed" olive oil, ensuring the naturally-occurring omega oils, astaxanthin, and vitamin D are not destroyed, as is the case with many other fish oils. Sophisticated quality control procedures are utilized at every step of the manufacturing process, and our salmon oil is regularly tested for chemical residues, heavy metals, and other contaminants.

Enteripure softgels offer targeted delivery to the small intestine using a technology that embeds the natural plant-sourced enteric ingredients into the softgel casing itself to prevent the softgels from breaking down in the stomach, improving absorption and ensuring no fishy aftertaste.

Manufactured by Natural Factors to ensure safety and potency in accordance with Good Manufacturing Practices (GMP) of the FDA and Health Canada.

Contains no artificial colors, preservatives, or sweeteners; no dairy, sugar, wheat, gluten, yeast, soy, corn, egg, shellfish, salt, tree nuts, or GMOs. Sealed for your protection. Do not use if seal is broken. For freshness, store in a cool, dry place.
