CONTAINS NO artificial colors, flavors, or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, soy, or crustacean shellfish.

Fish oil remains a foundational supplement for those who don't eat fatty fish regularly; or for all of us who benefit from extra essential fatty acids like EPA & DHA. These fats are very important for whole body health, as they support a healthy response to inflammation, circulatory health, and nervous system health.[1] This product provides its fatty acids in the triglyceride form, which may enhance absorption.[1] The fish oil comes from small species (anchovy, sardine, & mackerel) that are sustainably fished. The oil is tested for heavy metals, PCBs, dioxins, pesticides, and oxidation levels.

Refrigerate after opening.

We Guarantee Our Supplements for Potency and Purity
