ActivEssentials™ for Women is a combination of four targeted nutritional formulas packaged together to provide convenient and comprehensive nutritional support.

ActivNutrients™: A high-quality, hypoallergenic, proprietary multivitamin/mineral blend featuring activated vitamins, including folate as a blend of folic acid and 5-MTHF (5-methyltetrahydrofolate), and patented Albion® chelated mineral complexes in easy-to-swallow vegetable capsules.

OmegaPure 600 EC™: Is International Fish Oil Standards (IFOS) five-star certified, which assures the highest level of purity, stability, and potency in fish oils. Each fish-gelatin-based softgel provides 600 mg of EPA and DHA. The softgels are covered with a GRAS-certified enteric coating so that they are easy to swallow and the EPA/DHA content is optimally absorbed. EPA and DHA from fish oil promote wellness by supporting cardiovascular health, cytokine balance, joint health, and brain and nervous system function.*

Oraxinol™: An innovative blend of ORAC botanicals. ORAC (oxygen radical absorbance capacity) is a rating developed by the National Institute on Aging to measure antioxidant capacity. An ORAC rating of 6000 µmol TE (trolox equivalents), as found in two capsules of Oraxinol, has been shown to have the antioxidant equivalent of five to nine servings of fruits and vegetables.*

Ossopan 1100™: Features MCHC (microcrystalline hydroxyapatite concentrate), a complex crystalline compound composed primarily of calcium, phosphorus, organic factors, protein matrix, growth factors, and a full spectrum of trace minerals that naturally comprise healthy bones.*

Each packet contains: **2 ActivNutrients capsules, 1 Oraxinol capsule, 1 OmegaPure 600 EC softgel, and 1 Ossopan 1100 capsule.**
