

BeActive™ is a cutting-edge, anti-aging joint care and muscle recovery formula derived from natural sources. **BeActive** promotes healthy joints helping to preserve and restore more youthful activity and mobility in everyday life.

BeActive is formulated with an exclusive bioactive glyco-amino marine isolate that is clinically shown to: **SUPPORT** a healthy inflammation response*; **BUILD & PROTECT** joints and cartilage*; and **PROVIDE TEMPORARY RELIEF** from aches, pains and muscle soreness due to daily activity and overuse of muscles*. **BeActive is also the ONLY product of its kind certified for MMP (Matrix Metalloproteinase) INHIBITING activity.** MMPs break down collagen and cartilage, and cause excessive wear and tear on joints as we age.*

BeActive's exclusive isolate has been used to support:

- Flexibility and mobility*
- Joints and cartilage*
- Comfort & youthful activity*
- Connective tissue*
- Muscle recovery & endurance*
- Synovial fluid*

1 Better Than Glucosamine and Chondroitin

In vitro (laboratory) studies on **BeActive's** unique glyco-amino isolate show it to have a more extensive range of activity for reducing joint and muscle discomfort compared to Glucosamine and Chondroitin, including antioxidant activity (ACCMER, Sept 2005).¹ **BeActive** can be used with these and other joint supplements.

DIRECTIONS: Take 1 capsule twice daily, preferably with meals. MAXIMUM RESULTS are experienced when used continually for a minimum of 6 weeks. For faster results, or during times of immediate need, a loading dose of 3-4 capsules can be taken 3 times per day (9-12 capsules per day) for 5-7 days.

CAUTION: Keep out of the reach of children. If you are pregnant, nursing, or allergic to shellfish, please consult your health care professional before taking **BeActive**. **CALIFORNIA RESIDENTS PROPOSITION 65 WARNING:** This product contains chemicals known to the State of California to cause birth defects or other reproductive harm.
