

Suggested Usage: Take 1 capsule 3 times daily.

Calcium D-Glucarate is the calcium form of D-glucaric acid, a substance produced naturally in small amounts in the body. Glucaric acid is also found in many fruits and vegetables. Scientific studies have found that Calcium D-Glucarate can facilitate complete detoxification and elimination of certain metabolic waste products and environmental compounds from the body.* By supporting the body's natural cleansing mechanisms, Calcium D-Glucarate may help to maintain normal cellular function and promote liver, prostate, and breast health.*
