

Flaxseed oil is nature's richest vegetarian source of the essential fatty acids, ALA (omega-3) and LA (omega-6). These fatty acids produce prostaglandins that help maintain healthy skin, joints and cell membrane structure as well as promote cardiovascular and nervous system health.[†]

Our **Flaxseed Oil** is made from organic flax seeds and is cold pressed, unfiltered, unbleached and free of hexane. The flaxseed oil in this product is certified organic by Quality Assurance International (QAI).

Our Ultimate Organics® products do not contain conventional pesticides, synthetic fertilizers, growth hormones, genetic modification or antibiotics. We source only natural, organic raw materials that promote the use of renewable resources and conservation and are reviewed by USDA-approved organic certifiers.
