

No vitamin routine should be without the antioxidant protection offered by vitamin C. A daily supplement regimen with **Biomax C** offers powerful protection against free radical damage, helps keep capillary walls and blood vessels strong, and supports healthy teeth, gums, and bones. Because vitamin C is water-soluble, it needs to be replenished on a daily basis.†

Prolonged release is an advanced manufacturing technique which allows nutrients to be released slowly (over approximately 2-4 hours) promoting optimal assimilation.
