

Calcium Bone Formula

- Balanced calcium and phosphorus
- Calcium supports bone health and may reduce risk of osteoporosis*†
- Phosphorus enhances calcium absorption*

***Osteoporosis** affects middle-aged and older persons. A lifetime of regular exercise and a healthy diet that includes calcium builds and maintains good bone health and may reduce the risk of osteoporosis later in life. Daily intakes above 2,000 mg are not likely to provide any additional benefit to bone health.

Keep out of reach of children. Safety sealed with printed outer shrinkwrap and inner seal. Do not use if either is broken or missing.

GLUTEN FREE. No sugar, salt, yeast, wheat, dairy products, artificial flavors or preservatives.
