

Other Ingredients: Softgel (gelatin, glycerin, water, natural orange flavor), natural orange creme flavor, stevia extract powder.

The essential Omega 3 fatty acids EPA and DHA are incorporated into every cell in the body. As the brain develops, DHA is required for healthy cell membranes. Neural, eye, and cardio health all require omega 3 fatty acids, especially during child development. Distillation and rigorous testing of every batch ensures the absence of impurities such as mercury, PCB's, heavy metals and dioxins, making this a safe product ideal for growing bodies. Using only natural flavors, and no artificial ingredients, kids will love it!
