

Pro3xG is formulated with ingredients that support satiety and help control appetite. It naturally stimulates your metabolism.† Combined with a healthy diet and exercise, this weight management system will help you take off unwanted weight, giving your body a new shape and look.†

Instructions: To assess individual tolerance, for the first three days, take one capsule with a glass of water three times daily, approximately 30-60 minutes before your three main meals. For day four and beyond, take two capsules with a glass of water three times daily, approximately 30-60 minutes before your three main meals. Do not exceed two capsules in a 4-hour period or six capsules in a 24-hour period.

Do not snack before dinner or between meals. Eat moderately and exercise regularly for optimum results.

Storage: Store in a cool, dry area.
