TURBOTRIM™ DAILY

WEIGHT MANAGEMENT*

The synergistic blends of ingredients in TurboTrim™ Daily are designed to work together in an easy to use two-step daily boost for your diet plan. When taken before a meal, white kidney bean helps support reduced absorption of carb rich foods by neutralizing the metabolism of starchy carbohydrates. Daily consumption of oligofructose, a natural prebiotic fiber, promotes a feeling of fullness that may help decrease food intake.* Sour Cherry helps reduce water retention and aid digestion, and Lemon Juice, a natural source of vitamin C, helps promote fat metabolism.*

Green Tea and Garcinia Cambogia promote fat burning and help boost metabolism.* L-carnitine and chromium picolinate help the body use carbohydrates and fats for energy without the jitters and help maintain healthy blood sugar.* Sticking with your diet routine has never been easier. TurboTrim™ Daily is conveniently pre-packaged, pre-measured and ready to take with you wherever you go. Combine TurboTrim™ Daily with a healthy diet and exercise regimen to reach your healthy weight goals.
