

CONTAINS NO artificial colors, flavors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, or crustacean shellfish.

Our **EPA & DHA** softgels are derived from a high potency fish oil concentrate and provide 300 mg of omega-3 fatty acids, including EPA and DHA. Our EPA & DHA supplement assists the body as its ability to convert alpha-linolenic acid to EPA and DHA declines. Omega-3 fatty acids are important for cardiovascular, immune and nervous system health. Our molecularly distilled product is sourced from fresh, cold water sources and tested for PCBs, dioxins and heavy metals.[†]
