

Other Ingredients: Gelatin capsule, calcium sulfate, food glaze, magnesium stearate, stearic acid, ethylcellulose, calcium stearate, polyethylene glycol, calcium phosphate, castor oil.

The B-complex vitamins-folic acid, vitamin B6 and vitamin B12 have been recently shown to help promote health of the cardiovascular system. B vitamins are also essential to proper energy metabolism, memory function and nerve health.

T.R.I.-B-PLEX™ is unlike any other B-complex on the market. It optimizes nutrient utilization through a special high-tech, controlled release beadlet delivery system that mimics the way nutrients are naturally released from food.
