

Guaranteed Potency

- The highest concentration of Omega-3 inherently obtainable from fish oil without chemical modification or spiking

Guaranteed Purity

- Purity tested for PCBs, heavy metals (including mercury) and other impurities

Guaranteed Quality

- Protective antioxidants prevent dangerous rancidity with NO fishy aftertaste

Eskimo-3 fish oil softgels are also available in a 225-count bottle.

Actual Size

Why Take Fish Oil?

Omega-3 Fatty Acids Help Reduce the Risk of Coronary Heart Disease. Supportive, but not conclusive, research shows that consumption of EPA and DHA omega-3 fatty acids may reduce the risk of coronary heart disease. (See the Supplement Facts Box for total fat and cholesterol content.)

Not All Fish Oils Are Created Equal.

The innate EPA and DHA ratio and antioxidants in Eskimo®-3 supply exceptional stability and prevent rancidity to ensure Potency, Purity, and Quality.

Why Should You Care About Stability?

If your fish oil is unstable, it can result in:

- Free-radical formation
- Destruction of nutrients
- Unpleasant odors and flavors
