Key features:

- Our whey protein is sourced from U.S. milk, produced by cows in the Mid-west region.
- The use of rBGH (recombinant bovine growth hormone) is not permitted, and the cows have access to grazing in feeds posture.
- Only 2 g of carbohydrates per serving
- Sweetened with non-caloric, stevia extract, natural vanilla and FAIR TRADE cocoa.
- •Pure-Tein Whey Concentrate has highly bioavailable undentured proteins and branched chain amino acids, making it ideal to promote muscle repair, maintenance, and growth.¹

Whey protein supports the body's ability to maintain, increase, and repair muscle. It also provides micro-proteins such as B-lactoglobulin, A-lactalbumin, immunoglobulin, glycomacropeptide, and lactoferrin, which are important for immune system function.†

Whey surpasses even whole eggs in its ability to deposit nitrogen in the muscle. The free-form amino acid glutamine has been added to further support muscle

Our proprietary process uses only natural enzymes and high quality membrane if littlers to separate the whey and preserve essential nutrients. This state-of-the-art approaches using low temperatures creates a complete spectrum of whey peptides, improving introper retentions, supporting immune system health, and providing antioxidant profection. Whey supports cellular glutathione levels, one of nature's immortant antioxidants.

The addition of soy lecithin allows for easy mixing. This lecithin is produced from traditional non-GM soybeans and the non-GMO status is analytically confirmed by ELISA or PCR testing.

¹¹ Fair Trade Certified[®]
The Fair Trade, organic cocoa in our product uses cocoa beans harvested from the Yacao cooperative in the Dominican Republic.¹¹

Typical Amino Acid Profile Per Serving:

Alanine	1,150 mg	Lysine ^D	2,093 mc
Arginine	568 mg	Methionine ^[2]	560 mg
Aspartic Acid	2.325 mg	Phenylalanine [□]	743 mg
Cystine	687 mg	Proline	
Glutamic Acid		Serine	
Glycine	393 mg	Threonine	1,238 mg
Histidine	417 mg	Tryptophan ⁽²⁾	459 mg
Isoleucine*	1.332 mg	Tyrosine	787 mg
Leucine*0	2,597 mg	Valine+□	
Branched Chain Amino Acid		☐ Essential Amino Acid	

Each serving fortified with an additional 75 mg L-glutamine.
