Why Supplement with IP-6 & Inositol?

IP-6 & Inositol provides valuable health benefits by increasing levels of phosphates in your cells to support your immune system.*

While IP-6 is found in rice bran and other foods, there are good reasons to take an IP-6 & Inositol supplement. First, IP-6 is better absorbed in pure form without any competition from proteins and other nutrients. Besides, IP-6 is often lacking in foods that have been processed since IP-6 is usually found in the bran or hull, which is often milled away.
