

SUGGESTED USE

As a dietary supplement, take 3 to 6 capsules daily or as directed by a health professional.

Some research indicates that Calcium Bis-Glycinate is the most absorbable form of Calcium. Tests show that this form of Calcium is 205 times more soluble than Calcium Citrate. In human studies, Calcium Bis-Glycinate was shown to be 1.8 times (180%) more absorbable than Calcium Citrate and 21% better than Calcium Citrate Malate.* *
