

## Laktoferrin with Colostrum

Lactoferrin prepared with lysozyme, in a base of colostrum. Lactoferrin from the milk of Dutch range-grazed cattle, raised without the use of antibiotics, hormones and pesticides, and colostrum obtained from the first milking of BSE-free grain and pasture fed cattle, raised primarily in South Dakota, Minnesota and Wisconsin.

### Suggested Use

As a dietary supplement, 1 to 4 capsules at night before bed, or as directed by a healthcare practitioner.

These nutrients are of the highest quality and purity obtainable, and do not contain preservatives, diluents, or artificial additives.

Variations in product color may occur. Keep in a cool, dry place, tightly capped.
