# Nature's Way SUPER THISILYN®

ADVANCED DETOX FORMULA

LIVER SUPPORT\*

60 VEGETARIAN CAPSULES • DIETARY SUPPLEMENT

## Good health depends on proper liver function.

A healthy liver cleanses the body by:

- **Filtering the blood.** When functioning properly, the liver clears 99% of impurities before blood re-enters circulation.
- **Secreting bile.** Every day a healthy liver produces a quart of bile, which carries toxins to the intestine for elimination.
- **Neutralizing toxins.** The liver neutralizes toxins directly or converts them into forms that can be eliminated from the body.

A healthy liver enables the body to:

- Produce proteins and energy
- Store key vitamins, minerals and sugars
- Control cholesterol production/excretion
- Maintain hormone balance
- Facilitate proper digestion

**Keep out of reach of children.** Safety sealed with printed outer shrinkwrap and inner seal. Do not use if either seal is broken or missing.

**GLUTEN FREE.** No sugar, salt, yeast, wheat, corn, soy, dairy products, artificial colors, flavors or preservatives.
