Excessive free radicals can come from air pollution, tobacco smoke, ozone, radiation, dietary fats, heavy exercise, and other sources. Antioxidants protect our body cells from these unstable molecules.*

ACES Gold[®] provides the ultimate antioxidant arsenal, combining powerful ACES[®] antioxidants with the energizing antioxidant, Co-Enzyme Q₁₀. Nutrients vital to the proper functioning of two important antioxidant enzymes made within our bodies (called Glutathione Peroxidase and Superoxide Dismutase SOD) are included.*
