

For the first time, Solgar transforms poorly absorbed curcumin, from a fat-soluble to a water-soluble phytonutrient...making it immediately body-ready, faster absorbed and more active than ever before.[†] It's so advanced, just 40 mg of curcumin in one softgel delivers the equivalency of nearly 75 (100 mg) capsules of standardized curcumin extract. Now, for brain, joint, and immune health – Solgar changes what you believed was possible from Curcumin...forever. Solgar® Full Spectrum Curcumin...one softgel, once a day–185x better.[†]
