Carlson.

Specializing in the finest
Norwegian fish oils since 1982

Medical Scientists Internationally are encouraging people to eat more fish. Fish body oil is the only major source of the polyunsaturated Omega-3s EPA and DHA.

For those individuals who do not eat an oily fish diet, Carlson offers Omega-3s in easy-to-swallow soft gelatin capsules. Carlson Elite Omega-3 Gems® soft gels contain 1250 mg of a special concentrate of fish body oils from deep, cold water fish.

PURITY GUARANTEED

This product is regularly tested (using AOAC international protocols) for freshness, potency and purity by an independent, FDA-registered laboratory and has been determined to be fresh, fully-potent and free of detrimental levels of mercury, cadmium, lead, PCBs and 28 other contaminants.
